Resurfacing Project, Safety Improvements on Lake Street from Arlington Drive to Summerfield Drive

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daytime lane and sidewalk closures will take place on Lake Street (U.S. 20) from Arlington Drive to Summerfield Drive, in Bloomingdale, Hanover Park, Keeneyville and Roselle, beginning, weather permitting, Monday, July 24. The closures are necessary for a resurfacing and pedestrian improvement project.

In order to complete the work daily lane closures will take place on Lake Street between Arlington Drive and Summerfield Drive during construction activities. Temporary sidewalk closures will be required at various locations along Lake Street.

The scope of the project consists of resurfacing, pavement patching, and drainage improvements, as well as curb and gutter reconstruction. The project will enhance pedestrian safety by reconstruction sidewalk ramps to meet Americans with Disabilities Act (ADA) requirements.

The overall project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
